

Teacher Confirmation Form – JC Project Competitions

I, the undersigned teacher, confirm the following in relation to the submission of Junior Cycle Applied Technology and/or Engineering projects to Area & National competitions:

1. I have informed both the student and their parent/guardian that:
 - a. Junior Cycle projects entered in area competitions are not eligible for recheck by the State Examinations Commission (SEC).
 - b. By entering the project in the competition, the student forfeits the right to request a recheck of that project.
2. The student and parent/guardian have confirmed to me that they are satisfied with the awarded grade and that they do not intend to request a recheck.
3. I understand and acknowledge Circular S69/04, which requires that practical coursework must be retained in the school/centre where it was completed to ensure integrity of assessment.

Teacher Name (BLOCK CAPITALS): _____
